

# MyVolico Dashboard

The **Dashboard** serves as the primary interface and central hub for accessing your account information on MyVolico. Within the dashboard, users can perform various actions:

- 1. Access Cloud:**
  - Navigate to your cloud services.
- 2. View Invoices:**
  - Check and manage your invoices.
- 3. View Virtual Servers:**
  - Access information about your virtual servers.
- 4. View Bare Metal Devices:**
  - Review details and status of bare metal devices.
- 5. View Colocation Devices:**
  - Check the status of your colocation devices.
- 6. View Support Tickets:**
  - Monitor and manage support tickets.
- 7. Add or Update a Credit Card:**
  - Manage your payment methods.
- 8. Make a One-Time Payment:**
  - Submit a single payment.
- 9. Set Payments:**
  - Configure payments for your default method or individual services.
- 10. Start Initial Setup for Cloud VX LAN Network:**
  - Begin the setup process for your Cloud VX LAN network.
- 11. Edit Your Account Password:**
  - Change or update your account password.

To access the Dashboard, you can [register for an account](#) or [log into MyVolico](#).

1. If this is your first time accessing the portal, use the forgot password option to setup your account.
  - [https://my.volico.com/login/forgot\\_password](https://my.volico.com/login/forgot_password)

The screenshot displays the MyVolico dashboard interface. At the top, there is a navigation bar with the Volico logo and user information (Hello, John). Below the navigation bar, there are several main sections:

- Dashboard:** Welcome to your dashboard. You are logged in as John Knoxville.
- Manage cloud services:** Includes an "Access Cloud" button.
- View Invoices and contact support:** Includes an "Access" button.
- Virtual Servers:** A table listing virtual servers with columns for Label, IP Addresses, Disk Size, Ram, Cpu(s), and a "Manage" button.
- Invoices:** A table listing invoices with columns for Id, Date Sent, Amount, Date Due, and Amc.
- Bare Metal:** A table listing bare metal devices with columns for Device Label, Device Description, Type, Status, and a "Manage" button.
- Colocation:** A table listing colocation devices with columns for Device Label, Device Description, Type, Status, and a "Manage" button.
- Support:** A table listing support tickets with columns for Id, Author, Status, Subject, and Replies.

On the right side, there is a sidebar menu with options: Dashboard, Edit Profile, Access Cloud, Private Networking, Manage Devices, Billing, Make One Time Payment, Add/Update Card, Set Payments, Support, and Log Out.
